

Year 3

Year 3 Books – Home Learning – English, Maths and Topic Books.

These empty exercise books are for your child to complete a project based on one of the topics we have learnt about in class. They can draw pictures and write information about the topic. They could even print off pictures (if possible). Your child can choose which topic they would like to do:

They can choose from the Topics already covered:

Light and Dark

The Ancient Greeks

Skeletons and Muscles

Stone Age to Iron Age

Plants

Knowledge Organisers will be uploaded to Google Drive. You will be sent logins to access the Year 3 Google Classroom.

We would also like your child to complete the mini topic set on Oceans in this book.

The front of the orange book can be used for English written work and the back for Topic or vice versa.

The blue book is for Maths

The red book is for sketching/drawing.

We are also providing one pack of colouring pencils per family - these will go with eldest sibling and also a writing pencil will be provided for each child.

Thank you

Mrs Hinchliffe, Mrs O'Brien and Miss Ogden
