

Where in the world is Germany?

Subject: Geography Link Topics: Science

Questions I will ask:

1. Where is Germany?
2. What is the capital city of Germany?
3. What rivers are in Germany?
4. What physical features are in Germany?
5. What other cities are in Germany?
6. How different is Germany to the UK?

Prior Learning:

In Year 2 I learnt that **Europe is a continent** and about **human and physical features**.

Facts I will learn:

The capital city of **Germany** is Berlin, it is also the largest city.

The River Weser is 452 km in length.

Hamelin is best known for 'The tale of the Pied Piper of Hamelin'.

Germany has a population of roughly 83.24 million- it's the 7th largest country in Europe.

The name for Germany in the German language is Deutschland.

Germany's physical features are low lying ground in the North but mountainous in the South
