

Knowledge Organiser

Year 4

What was the Ancient Egyptians greatest invention?

Subject: Geography Link Topics: History

Questions I will ask:

1. On which continent is Egypt?
2. What was happening in Egypt when the Stone Age was happening in Britain?
3. How did the River Nile support life for the Ancient Egyptians?
4. What role does each season play in the production and harvest of food?

Facts I will learn:

- Egypt is located in the northeastern corner of Africa.
- The River Nile was the basis from which the ancient Egyptian civilization built around.
- To locate key features on a map of Egypt
- To have a Chronological understanding of Ancient Egypt
- The role of each season plays in the production and harvest of food.

Prior Learning:

In **Year 1** we identified areas on the globe, e.g the equator.

In **Year 2** we learnt the 7 continents and 5 oceans, we also explored the continent Africa.

Vocabulary

Visual

Vocabulary		Visual
<u>Cropping</u>	Egyptians grew crops such as wheat, barley, vegetables, figs, melons, pomegranates and vines.
