

**Year 1 Science Knowledge Organiser**  
**Topic: Human Body**

**Key Skills:**

- I can record my observations e.g. using photographs.
- I can make careful observations to support my findings.
- I can use appropriate senses.
- I can ask questions such as what something is.
- I can recognise differences from their data.

**Sticky Knowledge**

- I can name the parts of the body
- I can draw and label parts of the body.
- I know what our senses are and can identify the part of the body associated with each sense.
- I know we can feel with other parts of our body.
- I know that while we are similar we are also very different.

**Key Vocabulary:**
